

iNaturalist Bingo

BC's Big Nature Challenge

Birds of BC

How to play: Participate in community science by taking photos of plants, animals and other species every time you're in a B.C. nature area and upload these observations to iNaturalist.ca. Mark off a square below when you make an observation of the listed species. When you get five squares in a row, column or diagonally, you win! For a bigger challenge: can you get every square?

B I N G O
